CERTIFICATIONS

Python for Data Science — NPTEL
Introduction to the Internet of Things (IoT) — [Issuing Organisation]
Introduction to Data Analytics — Simplilearn
IoT & Electronics Course — Infosys Springboard

LANGUAGES

- Tamil
- English

SKILLS

- Programming: Python
- WebDevelopment:HTML,CSS,JavaScript
- VisualStudio Code, GitHub, Microsoft Excel
- Core Electronics: Basic Circuit Analysis, Digital Electronics
- Teamwork
- Adaptability
- Communication

ABOUT ME

Motivated Electronics and Communication Engineering student with an interest in electronics, IoT, and software development. Experienced in developing an Electronic Components Inventory System and familiar with industrial operations through internship exposure. Eager to enhance technical skills, gain practical experience, and contribute to innovative engineering solutions.

EDUCATION

Bachelor of Engineering — Electronics and Communication Engineering

College: VSB College of Engineering Technical Campus

Current CGPA: 7.9/10

Higher Secondary Certificate (HSC) — Class XII
School Name: Islamiyah matric higher secondary school
Board: state board
Year of Completion: 2025
Percentage: 80.1%

PROJECTS

•Electronic Components Inventory System

Developed a web-based application to manage electronic components and maintain inventory records.
Implemented stock management, component search, and issue/return tracking.

INTERNSHIP EXPERIENCE

- **Intern — Gilbarco Veeder-Root India Pvt. Ltd**

Gained industrial exposure to petrol dispenser mechanisms and operational processes.
Participated in testing-lab activities and a Kaizen improvement activity.
Developed practical knowledge of Microsoft Excel through training sessions.
Observed petrol dispatch operations and industrial workflow practices.
